United States Army Garrison Mannheim
Directorate of Public Works

Earth and Energy Week 2007

We ask for your support to improve the Mannheim Garrison energy saving and recycling program. Please fill out the questionnaire by giving us your experiences and suggestions for energy saving, water and heat conservation, and recycling. Winner will be selected randomly.

Please send this page back to the DPW Environmental Management Division by Fax: DSN 381 – 8289 / commercial: 0621 – 730 8289; bring it to the Sort Center, Taylor Bks #405B; contact us by email: dl293dbsbdpwemd@cmtymail.26asg.army.mil, or visit us at Taylor Bks #346 room 306. **Closing date for the raffle is Wednesday, April 25, 2007, 16:00 hrs.**

Take a few minutes of your time and win first prize,

A TRIP TO PARIS ! (Donated by USO)

Winners will be announced during the Earth & Energy Week closing event on Friday, April 27, 2007, 12:30 hrs, Top Hat Club #738 BFV

Name: Ernst ARNDT Address: Sullivan # 246

Phone: 380 – 1670 Email: ernst.arndt@us.army.mil

How do YOU save electricity, heat, and water? Let us know YOUR suggestions, ideas, and experiences.

It is the bad habit to leave office doors open. I interviewed several colleagues why they leave their doors open. The answer was: I don't no, everybody else is doing it or our customers/supervisor may have the impression we do nothing or even sleep when doors are closed.
My suggestion: 1. Establish a policy which requires office doors must be kept close from 01.October until 31. March (Or any better date) 2. Provide self adhesive posters which could be attached to the office door stating: This door will be kept close for energy conservation, don't knock just come in.
I think if we can get this to work we will safe a tremendous amount of heating energy.

How can the Mannheim Garrison improve its recycling program?

For more information about USAG Mannheim environmental programs visit our Sort Center, see us at #346 Taylor Bks; or look us up on the internet http://home.mannheim.army.mil/sites/directorates/DPW_web/Environmental.htm, or dial DSN 381- 8675 / commercial: 0621 – 730 8675.
